## *Youth Empowerment Program (YEP)*

We have 4 Strategic Objectives that put youth up the peak to achieve their vision in to-days World.

### **1. Leadership, Governance and Accountability Training (LEGAAT).**

This program have empower over 157 youth in reaching their common goal in all forum of governance. It builds youth and made several youth leaders in their community through political, civil society organizations, faith base organizations, culture and in schools.

*DMS in Youth Leadership training*

- 2. Financial Liberty training (FLT).** It has supported 1740 youth in 58 groups. Youth are trained in financial management in business entrepreneurship skills, and their self help associations are supported through a Revolving Youth Based Economic Empowerment Financing (RYUBEEF), a strategy that allows youth group to sit-plan innovative income generating activities not more than \$ 5,000, as DMS experts staffs play intermediary advisory role and as process facilitators, and continue with monitoring and evaluation. 3 youth groups per parish and only 4 sub counties per project district.
- 3. Guidance & Youth Skills Development Education Program (GYSDEP).** Youth employment is a general alarm in 91% of the developing World. Governments and other nongovernmental sectors employ only 67% of the highly educated youth, while public and private institutions in the world are producing over 76% every year. Its now time to act, to make youth productive future generations and secure our people around the world. The introduction of GYSDEP will contribute in the lives of youth and the environment they live. This is a component with short courses that cut across vocational, innovative and general practical knowledge such as (block laying & concrete practice, Hairstyling, Dressing & Design skills, Carpentry & Joinery, Computer Art Design & Printing, Information communication Technologies (ICT), Welding & Metal Fabrication, Wooden & Aluminum metal Furniture making /assembling and Motor electronic wiring); that gives them direct employment market or enter into the market through job creation. This is always accompanied by start-up material capital given during graduation. This is a new program to be embarked on intently, and has yet empowered a total of 364 youth in Uganda. (The training is based at DMS Skills Development Centre) and the Organisation is working hard to equip all the departments.

#### **4. Youth Sport Skills Development (YSSD)**

This component hunts to promote youth talent and skills which are very far earning in to-days sport market. It covers football, netball, rugby etc,

DMS Skills Development Education Program is strictly offered to selected beneficiaries such as; youth of age 18 to 25, Schools drop out from 18 up 30, Child headed families, conflict affected youth, women, and productive men shifting income activities as a result of climate change which do not favor agriculture and natural disaster areas.
